I will close the two files. It would be more trouble that it is worth for a couple of hundred dollars.

Roger:

We just learned that Lou Jean Hanley is now deceased (don't know when this happened). The last mailing we sent on October 30th came back to us as "unclaimed - no forwarding order on file" and the word "deceased" handwritten on the envelope. We have, therefore, closed our file for this case.

The \$200.00 fee we sent to collections in May 2001, for years 1999 and 2000 are at your discretion. Maybe you can find someone who now has his estate, that you still may be able to collect from. Your call.
